

*We're looking at the unfinished walls of the new gym and locker room. The tennis courts had to be torn down to accommodate the construction.*

*A mason is finishing off a cinder block wall in the hallway right past Mrs Shepardon's Computer Room. The white insulated pipes are heating ducts; maybe the new addition will be warmer.*

*Inside the future gym, two workers prepare to install electrical work for a score board. Notice the cavernous dimensions of the gym.*

*A stack of finishing bricks for the outside walls sits inside the future courtyard. We expect the courtyard to be a pleasant oasis amidst the chaos of the academic day.*
