

Before the start of a game at Spencer, Jim West tosses the ball around to loosen up. It was important for all the players to have a relaxed mind and body before every game.

**Winners or Losers, Indian athletes,
in our hearts, were. . .**

Shining

Stars

Sports and Odesa-Montour. The two were synonymous. We had sports mania. None of our teams suffered from lack of athletes. We played hard, worked hard, and, most of all, fought hard.

Each team we played on, we gave it our all. Our pride

came shining through as we put on our uniforms and hit the court, mat, field, track, or pool. We competed with fairness and sportsmanship, and to the best of our abilities. No matter if left victors or losers, we always left with dignity.

The Sports section pays tribute to all of our athletes. The one thing that our sports program never lacked was champions. Whether we were benchers or stars, we were tops.
