

# Cross Country

Unless you've run 3.1 miles at top speed, you can never understand the suffering that a Cross Country runner goes through. Every afternoon the team ran until they dropped. All of the sweating, toiling, and agonizing paid off when the team finished the regular season 6-3, which placed them third in the

IAC. One runner, John Dickens, even advanced to the State competition.

This year the home meets were at Watkins Glen State Park. Our team of ten boys and two girls flashed the maroon and white over the finish line way ahead of the pack.

When asked what the best part of their sport was, the answers ranged from the competition to the trips to Ponderosa, but the resounding response was simply 'victory'. Well put.
