

# Double Trouble

The Dickens twins found their sport. Throughout high school Jeff and John Dickns put in their best effort at every sport they tried, never quite achieving stardom. Not so this year. On the Cross Country team, the boys were in the limelight. Their superb performances brought them many accolades.

At Watkins Glen, Jeff set the all time course record of 14:56 minutes. Later in the year John shattered that with a 14:45. In the IAC Meet Jeff placed third while John took the 'gold'. Finishing ninth in the Sec-

tion IV Meet, Jeff was way behind John who came in second. This qualified John for the State Meet at Lake Placid.

For the first time in fifteen years we took a Cross Country runner to the States. Considering that it's John's first year on the team, he did exceptionally well. All though he went with high expectations a severe shoulder cramp slowed John down. He didn't place as well as he had hoped.

And so the Dickens go down in Odessa-Montour History as the Siblings of Speed.
