

Girls Varsity were. . .

# Champions

They were amazing. The Varsity Girls Basketball squad impressed us all with their talent and abilities on the court. Every game that they played was a spectacular showing of their winning work as a team.

When the yearbook went to press, the girls had an unprecedented record of 19-0, moving past every opponent. Senior center Tina Bennett

commented that 'Maintaining our record' was the hardest part of season. But maintain it they did, and all the girls agreed with Junior Michelle Lynch, who admitted that they had to work at 'not letting it get to our heads'. Of course, being humble was difficult as the crowds packed the Cheesebox and the team was rated No. 2 in the State among Class C schools.

In the regular season, the squad agreed that their toughest competition was the Waverly Wolverines. 'They're aggressive', said Wendy Hughey. Despite the threat that Waverly gave their record, the team

rallied and handed Waverly their only losses. In the midst of the celebration of one of their two victories, Coach Gavich found himself drenched in the bench's water. Said Senior Annie Gooley with a sly smile, 'Beating Waverly on their court was the best part of the season-beating Waverly anywhere is great!'

When asked to comment on his team, Coach Gavich said, 'I thought that we would do well, but we did much better than I ever imagined. They are a talented and co-operative group of young ladies that have made my job easy.'
