

# Chorus

Anyone that walked by the Chorus room in the beginning of 4th period most likely raised their eyebrows in wonder. What they heard was jibberish-'May, Mee, Mi, Mo, Moo.' Of course, if they stayed through the warm-ups, they quickly learned of the talent that sounded from the mouths of Chorus members.

Under Miss Fetter's fine direction, her Chorus 'chilles'

blossomed into magnificent vocalists. She chose music that challenged their voices and gave them an opportunity to shine. One of the most beautiful was Handel's Hallelujah Chorus.

Everyone in Chorus gave their all at every rehearsal. Several members received individual honors. Vera Bush was a member of the All State Chorus. Five other members attended a choral festival at Hartwick College.

The Chorus experience was one that its members will never forget. They not only sang together, but they had great times together. Nothing compared to the feeling of accomplishment when they got a song just right.
