

Buffing up musical talent with the . . .

Junior High Band

The Junior High Band was a stepping stone for great musicians. It was there that aspiring musicians received instruction from JH Band Director Mr Becker and pre-

pared for their future instrumental careers.

As members of JH Band, 7th and 8th grade students worked to increase their proficiency with their instruments. Scores were practiced again and again until they were mastered. Each member was dedicated to improving his or her skill. The

Band's efforts attained fruition when they impressed local audiences at the Fall and Christmas concerts.

Junior High Band produced numerous fine musicians. The knowledge that they gained would help them in their future participation in the Senior High Band program.
