

Dr Sensel. . .

our departing principal.

Harry Barrigar
HA Hanlon Principal

Clerk L. Payne, Payroll Clerk B. Riley,
Treasurer L. Manning.

Twenty-seven years ago a new physics, earth science, general science, and math teacher entered onto the Odessa-Montour educational scene. Five years later, in 1967, he became the principal. Over the years, he served our school community with a kind, pleasant manner.

As one can imagine, his years as principal allowed him to witness an infinite number of changes in our district. He told the Yearbook Staff that the biggest change was an evolution in the value system of students-their respect for authority and out-

look on education.

Dr. Sensel admitted that he would miss seeing the people he knew and liked every day. He found satisfaction in his work by 'thinking that I had some small part in the kids' growth and in changing their lives for the better.'

As parting words of wisdom, Dr. Sensel left these: 'To be educated is not to arrive at a destination, but to travel with a different view.'

We thank you for all of your years of devotion to OMCS.
